Submission Requirements

Participants must do the following to contribute to the BizThon:

1. Submission must be in the following formats:
 - **Stage-1:** Submission Requirements
Pitch Deck - Explaining your solution
Video (2 to 5 minutes)
Readme File (Idea Description)
Link to Code repository (Github or Bitbucket)
 - **Stage-2:** Submission Requirements
Pitch Deck
Link to Code repository (Github or Bitbucket)
 - **Stage-3:** Submission Requirements
Pitch Deck
Product Demo
2. **Please use the latest versions of the tech stack:** If building on existing work, participants are permitted to use another version.
3. Please include in your submission's readme file:
 - Project title
 - Project description (minimum 150 words)
 - Prerequisites and Installations
 - Technology Stack and their versions
 - Write description/steps to run your project and deployment
 - Acknowledgements
4. Register for the Hackathon on the BizThon Website. To complete the registration, sign up to create an account on Hackathon ERP or you can log in with your existing account. There are no charges for creating your account. This will empower you to receive important updates and feeds related to different upcoming events.
5. Create a video that includes footage that clearly explains your submission's features and functionality through a comprehensive demonstration. **(required)**

6. Provide a way to access the project for judging and testing by including a link to a repo hosting the application's code and any other deployment files and testing instructions.
8. If you make any changes during MVP Phase in an idea submitted earlier, you will be required to explain why you have made these changes with proper reason. Judging will only take into account the parts of the project that have been updated during the Submission Period.
 - Clearly describe in the submission's readme file what parts of the project were updated and which not .
 - Clearly describe in the submission video what parts of the project were updated and which not .
9. The TDeFi has the right to award a prize to an eligible submission if that submission has fulfilled all set requirements and criteria regardless of Track selection.
10. At any time, and at its sole discretion, the TDeFi will have the ability to re-assign a submitted submission from one Category to another or to disqualify a submission for not sufficiently fitting the main requirements.
11. **Functionality:** The idea must be functioning and submitted for relevant testing during the second round or the MVP round for selection for the further rounds
12. **New and Existing Applications:** Makers entering submissions that existed prior to the start of the Submission Period will be required to explain how their submission has been updated during the Submission Period.
13. **Testing:** The maker must make the developed product available free of charge and without any restriction, for testing, evaluation and use by the TDeFi, Administrator, and Judges during the BizThon until the winners have been announced.
14. Makers must provide a way to access for judging and testing, including a link to a repo hosting the application's code, and any other deployment files and instructions needed. This can be on a code repository service, an attached file, or a shared folder.

16. **SDKs, APIs, & Data:** Substrate-based chains or Tools may integrate SDKs, APIs and data, provided the Maker has the rights to use them.
17. **Submissions Provided Free of Charge:** Submissions must be provided free of charge until the winners of the BizThon have been announced.
18. Text Description, Image, and Video Requirements
 - **Text Description:** The text description should explain the features and functionality of your submission.
 - **Images:** Images or screenshots are optional.
 - **Video (Required):** The video portion of the Submission:
 - should be between 2 to 5 minutes;
 - must include footage that clearly explains the track you choose or anything related to blockchain, functionality, and how other relevant technologies were integrated through a comprehensive demonstration;
 - must be uploaded to YouTube, Vimeo, or Youku, and a link to the video must be provided on the submission form on the BizThon Website; and
 - must not include third party trademarks, or copyrighted music or other material unless the Maker has permission to use such material;
 - must not infringe on any third party's intellectual property, including, but not limited to, featuring names and images of people without their permission.
19. **Submission Modifications**
 - **Draft Submissions:** Prior to the end of the Submission Period, you may save draft versions of your Submission on to your portfolio before submitting the Submission materials to the BizThon for evaluation. Once the Submission Period has ended, you may not make any changes or alterations to your Submission, but you may continue to update the project in your BizThon account.

- **Modifications after the Submission Period:** TDEFI may permit you to modify part of your Submission after the Submission Period for the purpose of acquiring additional consent forms, or removing material that potentially infringes a third party mark or right, discloses personally identifiable information, or is otherwise inappropriate. The modified Submission must remain substantively the same as the original Submission with the only modification being what TDeFi permits.
